

HONDA
GENUINE PARTS

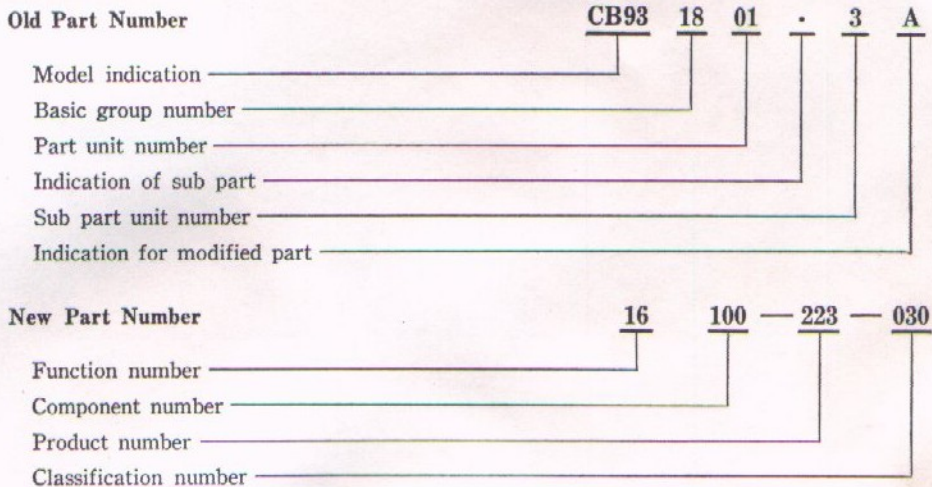

APPLICATION OF PARTS LIST

This is a list of parts used of Honda 160 Model CL160.

1. How to see the Part Number

The composition of part number is as follows.

(Example)

2. How to order the Parts

When ordering parts to us, please let us know the correct number of the parts, referring to this Parts List. This Parts List is written with both old and new part numbers, and the time of change over to new part numbers will be advised by Parts News. Until that time, please place an order with us under the old part numbers, but the parts written with only new part numbers should be ordered under the part numbers.

When changing parts, check the engine and frame number, then the parts used can be found.

The engine number is stamped on the upper crankcase, and the frame number is stamped on the left front side of the frame body.

3. About the news number

News number is same as the Parts News issued by Honda Service Center. Refer to the Parts News when you need to know the contents of modified parts and related in detail.

4. This Parts List can be revised with Revision Sheet

For the future modification of parts and parts to be provided, "Revision Sheet" will be issued every three months. Please do put the Revision Sheet in the place of each page, according to instructions shown under the sheet. If you make sure of this, the Parts List will be kept always up-to-date.
